My partner says sometimes I scare them.
I have physically hurt my partner.
Sometimes my partner says I
make them feel bad.

Abusive?
I'm not abusive
...am I?

I check my partners
phone & social media.
I don't like them going
out without me.

If I don't help them
they won't know what
to do?

I like to take
charge of things.

I don't want my
partner to be unhappy
